SECTION 18. The Marshal, any Sheriff, Deputy Sheriff, or other police officer, may decline to levy upon or sell the alleged property of any person against whose goods and effects, an execution or other similar writ may issue, unless the party beneficially interested in such writ shall, upon request, tender to such officer a sufficient bond of indemnity against the claims of third parties.

SECTION 19. The respective Sheriffs shall, quarterly, render in duplicate a true and itemized account of all fees, fines and other money which they shall have received by virtue of their office, one copy of which shall be forwarded to the Attorney-General, and one to the Marshal, by whom respectively such reports shall be filed and preserved.

SECTION 20. The proceedings upon such inquiry shall conform as nearly as may be to the forms prescribed in the case of a writ of *Quo Warranto* to a person who claims or usurps an office in a corporation, as provided by Chapter XXXIX. of the Session Laws of 1876. Such proceedings may be instituted by either the Attorney-General in his official capacity or by any private person having any interest in such inquiry.

SECTION 22. The Marshal, Sheriffs and all Police Officers who shall be in office when this Act shall become law shall continue in office subject to its provisions.

SECTION 23. This Act shall be a law from and after the date of its approval, Sections 257 to 274 inclusive, and Sections 276 and 277 of the Civil Code, An Act entitled "An Act to transfer the supervision of the police and executive officers of the law from the Department of Interior to that of the Attorney-General." approved May 13th, 1868, and all other laws and parts of laws inconsistent herewith are hereby repealed.

I hereby certify that the foregoing Act having passed its Third Reading in the Legislature of the Hawaiian Kingdom, on the third day of December, 1887, was presented to His Majesty the King, through the Cabinet on the sixth day of December, 1887; that on the sixteenth day of December, 1887, it was returned to the Legislature by His Majesty the King, unsigned, together with

a message setting forth certain reasons why he refused to sign the same ; that it appeared that such message was not countersigned by a Minister, and that His Majesty's Act in so returning the same was done without the advice and consent of the Cabinet ; that thereafter the Legislature adopted a resolution that said Act of the King, not being countersigned by a Minister and having been done without the advice and consent of the Cabinet, could not be considered a refusal to approve the Act within the meaning of Article 48 of the Constitution, which action of the Legislature was duly communicated to the King ; and I do hereby further certify that more than ten days, (Sundays excepted) have elapsed since said Act was presented to the King and that (except as aforesaid) the same has not been returned to the Legislature, and that the Legislature had not adjourned prior to the expiration of said period of ten days.

Dated Honolulu, December 28th, 1887.

WILLIAM R. CASTLE,

President of the Legislature.

Clerk of the Legislature.

## CHAPTER XXVII.

## AN ACT

TO AUTHORIZE THE HAWAIIAN GOVERNMENT TO CONTRACT FOR THE CONSTRUCTION OF INTERNATIONAL AND INTER-ISLAND SUBMARINE ELECTRIC TELEGRAPH CABLES.

WHEREAS, it is desirable to establish as soon as practicable, telegraphic communication between this Kingdom and the North American Continent, and the Australasian Colonies of Great Britain and between the different Islands of this Kingdom:

AND WHEREAS, certain persons are now engaged in the perfecting of plans for the construction and maintenance of a telegraphic Cable or Cables from some point on the North American Continent, through the Pacific Ocean, to certain of the Australasian Colonies of Great Britain:

AND WHEREAS, it seems necessary to the speedy establishment of such communication with foreign shores that the parties establishing the same shall be granted certain exclusive rights as to the landing of telegraphic Cables on our shores: Now, therefore,

*Be it enacted by the King and the Legislature of the Hawaiian Kingdom:*

SECTION 1. The Minister of Finance with the concurrence of all the members of the Cabinet, is hereby authorized to enter into a contract with the Honorable Audley Coote, of Tasmania, his associates and assigns, or with any other persons or corporations for the construction and laying of a submarine electric cable, from

and between some point on the North American Continent and some point upon one of the Islands of this Kingdom, and for the construction and laying of a like cable or cables between the different Islands of this Kingdom, in substance as hereinafter provided.

SECTION 2. Such contract may, by its terms provide for the grant, concession and confirmation by the Hawaiian Government to the Honorable Audley Coote, his associates and assigns, or any other persons or corporations, (hereinafter named and referred to as said constructors) of the sole and exclusive right and privilege to construct or land a submarine electric telegraph cable or cables which shall reach to or from any British possession or colony upon the shores of any Island of the Hawaiian group, for or during a period not exceeding three years from the first day of January, 1888. Provided, however, that if the said Minister of Finance, at any time after the first day of August, 1889, shall require assurances from such constructors, that such cable shall be completed from some point on the North American Continent to some Island of the Hawaiian group, not later than the first day of August, 1890; and the said constructors upon such request being made, shall fail to give such assurances in that behalf as shall be satisfactory to the Hawaiian Government, then the exclusive right and privilege, the grant of which is hereinbefore authorized, shall, at the option of the said Cabinet, at once, or at any time thereafter, lapse and become void, upon notice to that effect being given to the said constructors :

And further provided, that the concession and grant hereinbefore authorized shall not be so construed as to disable, prevent or preclude the Hawaiian Government

from consenting to the laying or landing through its waters, or upon its shores, of any submarine telegraph or other electric cable or cables, which, during the period of three years, hereinbefore mentioned shall be constructed or laid; or sought to be constructed or laid, or landed upon Hawaiian shores, by or on behalf of any foreign nation or power.

SECTION 3. Such contract may further provide for the payment by the Hawaiian Government, to said constructors of an annual subsidy, not to exceed twenty thousand dollars, in legal tender of the Hawaiian Kingdom, for and during a period not to exceed fifteen years from the date of the establishment, over such cable, of telegraphic communication between the city of Honolulu and some point on the North American Continent. Provided, that such communication shall be established not later than the first day of January, 1891.

SECTION 4. The grant of any of the rights or privileges, and the payment of any subsidy herinbefore authorized, shall be conditioned upon the covenants of said constructors, to be expressed in such contract, that is to say:

(1.) That during such period after the establishment of telegraphic communication by and over such cable, between Honolulu and the North American Continent as the Minister of Finance shall pay such subsidy as is hereinbefore authorized, the messages of, or for the Hawaiian Government shall be received and transmitted and delivered by and over such cable free of charge. Provided, however, that if the expense of so receiving, transmitting and delivering such messages, when computed at half the rate at which, when such messages shall be transmitted, ordinary press messages shall be

transmitted over such cable, shall exceed the amount of the annual subsidy paid or contracted to be paid as hereinbefore authorized for any year, then the excess of such expense shall be paid by the said Minister of Finance to said constructors.

(2.) That said constructors shall not make, or form, or permit any combination, pool, or other agreement with any other person, body, company or syndicate who or which shall hereafter own or operate any cable or cables through or across either the Indian or Pacific Ocean to or from the Australasian Colonies of Great Britain, or to or from the Hawaiian Kingdom, the effect or purpose of which combination, pool, or other agreement shall be to advance or increase the rates of telegraphy to or from the Hawaiian Islands, by or over any cable which shall be laid or constructed to or from the Hawaiian Islands by the said constructors.

(3.) That the rates for the transmission of messages to and from the Hawaiian Islands by and over any cable which shall be laid or constructed by said constructors shall not exceed the following described limit, that is to say:

(4.) For all messages other than Hawaiian Government and press messages to or fro between the point of such cable's connection with the American telegraph system and Honolulu, not more than forty per cent of the rates which shall be charged for like messages over such cable, to or fro between said American point and any point in New Zealand or Australia ;

(5.) For like messages to or fro between Honolulu and the point or points of such cable's connection with either the New Zealand or the Australian telegraph system, not more than sixty per cent of the rate which shall be

charged for like messages over such cable to or fro between either said New Zealand point or said Australian point and said American point.

(6.) The rates for ordinary messages or items of news to any newspaper or news bureau of the Hawaiian Kingdom (commonly known as press messages,) shall not exceed one-half the rate which shall be charged for other messages, excepting messages to or from the Hawaiian Government, or any Officer thereof, in his Official capacity.

(7.) All messages, other than Hawaiian Government and press messages, shall be transmitted at and for one and the same rate.

(8.) In no case or instance shall any message over such cable, to or fro between the Hawaiian Islands and any foreign port or point, be charged for at a greater or higher rate than shall prevail in the case of a like message over such cable to or from any other point, equally, or more remote from Honolulu.

SECTION 5. Such contract shall further provide and contain, as a part of the consideration for the grants and subsidy hereinbefore authorized, a covenant on the part of said constructors to furnish and, within six months after the completion of said cable, and the establishment of telegraphic communication thereover to any American or Australasian point or port, at their own proper charge and expense, to lay and construct a cable or series of cables, to connect the Islands of the Hawaiian group, from Hawaii to Kauai, as follows, to wit : From Hawaii to Maui, from Maui to Oahu, with a landing on Molokai, and from Oahu to Kauai.

SECTION 6. Such Inter-Island cable or cables shall be landed upon such Islands, in such reasonable manner, and

at such points as shall be designated by the Cabinet, and when so laid, constructed and landed, shall be delivered to the Minister of the Interior, for and to the use of the Hawaiian Government, at a price not to exceed the actual cost of such cable or cables delivered on board ship at the place of its or their manufacture.

SECTION 7. Said constructors shall be entitled to the use, at a rate not to exceed the usual local rates of any such Inter-Island cable or cables, together with any and all shore lines connecting the same, for the transmission of messages to and fro between Honolulu and the point or points of the landing of their international cable or cables.

SECTION 8. Upon the construction and delivery to the Minister of the Interior of such Inter-Island cable or cables as provided by Sections 5 and 6 of this Act, and the establishment of telegraphic communication thereover, the Minister of Finance shall be authorized to pay said contractors the actual cost price thereof, to be computed as provided in Section 6 of this Act.

Approved this 16th day of December, A. D. 1887.
